FIGHTING HUNGER

191 New Toronto St.,
Toronto, ON M8V 2E7

Daily Bread Food Bank is a non-profit, charitable organization dedicated to fighting hunger. Last year, over 905,000 people in the GTA relied on food banks. Daily Bread and its member agencies serve the majority of these people through neighbourhood food banks and meal programs in over 160 member agencies. In an effort to eliminate the need for food banks, Daily Bread educates the public, conducts research and advocates realistic government policies.

easyDNS Technologies Inc.

219 Dufferin St., Ste. 304A,
Toronto, ON M6K 3J1

easyDNS has been a leading provider of outsourced DNS services and domain name registrar since 1998. Every organization has at least one domain name or web address. Every e-mail, instant message or web site access requires functional DNS. easyDNS demystifies both the technical underpinnings of the internet as well as the wider intellectual property, security, economic and cultural issues as they relate to an increasingly inter-networked world.

Jeftovic explains the technology and the ramifications in simple, easy-to-understand language with a rare no-nonsense delivery. Former Director to the Canadian Internet Registration Authority (CIRA), participant in Industry Canada's anti-spam task-force working group and frequent media commentator on internet issues (ITCanada.ca, Global News, CTV, internet.com, WIREd, Business Week, etc.).

Literacy is an essential skill in today's world. Low literacy skills are directly linked to poverty, poor health and high unemployment. 42% of adult Canadians have trouble with everyday tasks that involve reading. Through a network of literacy volunteers, Frontier College is helping people to realize their potential by helping them achieve what they need to succeed in today's society.

Health Nexus (formerly the Ontario Prevention Clearinghouse) enables communities, organizations and individuals to promote health by helping them to develop and implement prevention and health promotion strategies, to enhance well-being and improve population health. Our three strategic

areas of focus are: early child development, chronic disease prevention and health equity.

Nexus Santé (anciennement le Centre Ontarien d'information en prévention) renforce la capacité des collectivités, des organismes et des particuliers de promouvoir la santé. Nous aidons à élaborer et à mettre en oeuvre des stratégies de prévention et de promotion de la santé afin d'accroître le bien-être et la santé de la population. Nos trois secteurs d'intérêt sont le développement de la petite enfance, la prévention des maladies chroniques et l'équité dans le domaine des soins de santé.

Patented Medicine Prices Review Board / Conseil d'examen du prix des médicaments brevetés

333 Laurier Ave. W., Ste. 1400,
Ottawa, ON K1P 1C1

An independent quasi-judicial tribunal, the PMPRB limits the prices set by patentees for all patented medicines sold in Canada to ensure that they are not excessive. Sales of patented drugs account for approximately 70% of all drugs sold in Canada. The PMPRB reports annually to Parliament on its activities, price trends of medicines, and patentees' R&D expenditures.

Le CEPMB est un organisme indépendant détenant des pouvoirs quasi-judiciaires. Il exerce un contrôle sur les prix des titulaires de brevets des médicaments brevetés vendus au Canada afin qu'ils ne soient pas excessifs. Les médicaments brevetés accaparent près de 70 % des ventes totales de tous les médicaments vendus au Canada. Le CEPMB fait rapport au Parlement chaque année de ses activités, des tendances des prix des médicaments et des dépenses de R-D des brevetés.

WWF – Canada

245 Eglinton Ave. E., Ste. 410,
 Toronto, ON M4P 3J1

WWF-Canada was established as part of the global WWF network in 1967 and currently has offices in Toronto, Ottawa, Yellowknife, Edmonton, Vancouver, Prince Rupert and Halifax. Our mission is to stop the degradation of the planet's natural environment and to build a future in which humans live in harmony with nature by:

- Conserving the world's biological diversity;
- Ensuring that the use of renewable natural resources is sustainable; and
- Promoting the reduction of pollution and wasteful consumption

Our conservation programs focus on climate change, the marine environment, forests and freshwater, the Mackenzie Valley, the Greater Antilles (Cuba) and endangered species. WWF-Canada employs a range of tools to achieve its conservation results. These include field research, scientific mapping, policy initiatives, market solutions and public education. WWF-Canada works closely with local communities and others who share the common goal of protecting the natural world.
